ABOUT ME

- As an accomplished developer boasting over 17 years of expertise, I have honed my skills in web development and database design, particularly for high-traffic services. During a decade-long tenure with my previous employer, I took on a pivotal role as a lead developer, spearheading numerous critical features that were instrumental in our successful expansion into the US restaurant management and online ordering sector. My experience is marked by a proven track record of delivering innovative solutions in preparation for market entry and growth.

SKILLS

PHP	MySQL

Version Control/Git

Python	jQuery

CSS

WORK EXPERIENCE

- **SENIOR DEVELOPER | OCT 2015 - FEB 2024**

  MENU TECHNOLOGIES, NOVI SAD
  - Advanced from Medior PHP/MySQL Developer to Senior Developer within a year at Menu Technologies, showcasing rapid professional growth.
  - Spearheaded integration projects, establishing robust communications between legacy and contemporary POS systems (TCPOS, iKentoo) and our flagship restaurant management platform.
  - Pioneered the conceptualization and database architecture for a sophisticated, multi-tiered restaurant CMS, ensuring dynamic data distribution across various levels.
  - Demonstrated expertise in Laravel, developing core functionalities, while also engineering specialized microservices for TCP communication with POS systems.
  - Entrusted with quality assurance, conducting thorough code reviews to maintain high standards.
  - Played a pivotal role in talent development, mentoring junior developers and fostering a culture of technical excellence.

- **FREELANCE DEVELOPER | JAN 2010 - JAN 2015**

  SELF-EMPLOYED
  - Launched a successful freelance career as a WordPress Developer at 21, specializing in plugin development and full-stack web solutions.
